Holesaws Sets

P&N holesaws are Australian Made, to international thread pattern standards, and can be used either by hand in a power tool or by machine. The unique varied pitched cutting teeth are heat treated high speed steel and are suited to cut metal, wood and plastics.

Features

- Knock-out slots permit slug removal.
- Manufactured to international patterns.
- Vari-pitch teeth reduce harmonic vibration.
- Depth of cut - 32mm

Helpful Hints

- Cutting fluid must be used when cutting metals.
- Withdraw holesaw frequently to clear chips.
- Always secure material to be cut.
